

HPE Nonstop Technology and Business Conference 2025

Suggested Talks by Job Type

AGENDA

List of TBC 2025 talks by the following job types:

- IT Staff, System Managers, Computer Operations staff
- Nonstop Application Designers, Developers and Support teams
- Business Managers and Planners, CTOs, Decision Makers
- New to Nonstop – any role
- Job Focus Specialty – Security – any role
- Job Focus Specialty – Database – any role

IT STAFF, SYSTEM MANAGERS, COMPUTER OPERATIONS STAFF

HPE Keynote Day 1

TBC25.TB01 - The Future of Nonstop Is Here

TBC25.TB14 - The Next Generation of Backup and Recovery with Virtual Tape

TBC25.TB07 - HPE Nonstop NS5 and NS9 Architectures

TBC25.CFP53 - Modernizing HPE Nonstop Connectivity with Kafka, REST and Cloud Services

TBC25.VT76 - HPE Shadowbase: Ensuring High Availability and Digital Resilience in a Ransomware World

TBC25.VT74 - Be Prepared for Any Audit: Achieving Continuous Compliance

TBC25.TB24 - The Art of the Possible - 2025 Edition

TBC25.TB20 - Provide the Mission-critical Advantage to Workloads in Your Cloud with HPE Virtualized Nonstop

TBC25.VT79 - AI? agentic AI? Intelligence? Smart Nonstop customers leverage replication for integration – do you?

TBC25.VT70 - Exclusive Sneak Preview: Unveiling The Next Generation of Data Security for HPE Nonstop

TBC25.VT83 - The Future of Capacity Management

TBC25.TB08 - Kernel Level Threads (KLT) - A giant leap for application scale-up and open standard support

TBC25.TB15 - Elevate IT Operations: Introducing the New Capabilities of Nonstop Manageability Suite

TBC25.CFP54 - Migration using Golden Gate : Nonstop server relocation and switching business operations as part of a failover setup

TBC25.TB17 - Revolutionizing Enterprise Storage: The New Era of HPE XP Storage for HPE Nonstop

IT STAFF, SYSTEM MANAGERS, COMPUTER OPERATIONS STAFF

TBC25.TB09 - HPE Nonstop Software Roadmap

TBC25.CPF52 - Papé Group's AI Documentation Journey

TBC25.TB10 - Nonstop Performance Report 2025

TBC25.TB13 - Evolving HPE Nonstop Education: Digital Badges, Labs & More

TBC25.CFP57 - Generative AI in Nonstop development and operations : Use cases and Nonstop Community in Japan

TBC25.DEV204 - Developer Chat: KLT

TBC25.DEV203 - Developer Chat: HPE Virtualized Nonstop

TBC25.VT85 - Is your Nonstop working as hard as it could be?

TBC25.VT86 - BlackWood Systems presents updates to MOMI

TBC25.TB02 - HPE Nonstop Middleware - The Journey Continues

TBC25.CFP59 - Boosting Speed and Quality in Base24 Through Continuous Integration and Automated Testing

TBC25.DEV201 - Developer Chat: Nonstop System Console and OSM

TBC25.VT78 - ManAlge: Revolutionizing Server Management with AIOps

TBC25.VT72 - Nonstop Backup Data Tiering Architecture

TBC25.TB19 - Introduction to the Frigg Project: Open Operations Observability Stack for Nonstop

TBC25.TB06 - Fraud Detection

TBC25.TB26 - Modern Networking on Nonstop Systems

TBC25.DEV205 - Developer Chat: Measure and Performance

IT STAFF, SYSTEM MANAGERS, COMPUTER OPERATIONS STAFF

TBC25.DEV205 - Developer Chat: Measure and Performance

TBC25.BIZ60 - Introduction to HPE GreenLake Flex Solution built for Payments

TBC25.TB11 - Business Continuity Without Compromise

TBC25.DEV207 - Developer Chat: NSDEE, DevOps and Middleware

TBC25.CFP56 - Minimizing TCO by maximizing your Nonstop with HPE GreenLake

TBC25.TB23 - What's Next in DevOps: GitLab CI/CD - An Emerging Force

APPLICATION DESIGNERS, DEVELOPERS AND TRANSFORMATION TEAMS

HPE Keynote Day 1

TBC25.TB01 - The Future of Nonstop Is Here

TBC25.TB07 - HPE Nonstop NS5 and NS9 Architectures

TBC25.CFP53 - Modernizing HPE Nonstop Connectivity with Kafka, REST and Cloud Services

TBC25.VT74 - Be Prepared for Any Audit: Achieving Continuous Compliance

TBC25.VT84 - The Missing Link in Enterprise AI: Real-Time Data for HPE Nonstop

TBC25.TB24 -The Art of the Possible - 2025 Edition

TBC25.TB20 - Provide the Mission-critical Advantage to Workloads in Your Cloud with HPE Virtualized Nonstop

TBC25.TB12 - The HPE Nonstop 101 rendezvous: Learn, explain, and promote your favorite platform

TBC25.CFP50 - Make your Nonstop SQL/MP or SQL/MX Application Fast - Really Fast

TBC25.VT79 - AI? agentic AI? Intelligence? Smart Nonstop customers leverage replication for integration – do you?

TBC25.VT70 - Exclusive Sneak Preview: Unveiling The Next Generation of Data Security for HPE Nonstop

TBC25.VT81 - From Pathway to REST: Simplifying Microservices with LightWave

TBC25.TB08 - Kernel Level Threads (KLT) - A giant leap for application scale-up and open standard support

TBC25.CFP58 - Resilience Redefined: Powering Thailand's Payments with HPE Shadowbase and BASE24-eps

TBC25.TB09 - HPE Nonstop Software Roadmap

TBC25.DEV202 - Developer Chat: HPE Nonstop OS

APPLICATION DESIGNERS, DEVELOPERS AND TRANSFORMATION TEAMS

TBC25.TB10 - Nonstop Performance Report 2025

TBC25.TB13 - Evolving HPE Nonstop Education: Digital Badges, Labs & More

TBC25.CFP57 - Generative AI in Nonstop development and operations : Use cases and Nonstop Community in Japan

TBC25.DEV204 - Developer Chat: KLT

TBC25.DEV203 - Developer Chat: HPE Virtualized Nonstop

TBC25.VT85 - Is your Nonstop working as hard as it could be?

TBC25.TB02 - HPE Nonstop Middleware - The Journey Continues

TBC25.CFP59 - Boosting Speed and Quality in Base24 Through Continuous Integration and Automated Testing

TBC25.VT77 - Unleash the Power of Your Trapped Data Across the Enterprise, to the Cloud, and Beyond

TBC25.TB19 - Introduction to the Frigg Project: Open Operations Observability Stack for Nonstop

TBC25.TB06 - Fraud Detection

TBC25.TB26 - Modern Networking on Nonstop Systems

TBC25.CFP55 - Automatic code generation for Nonstop using Generative AI

TBC25.DEV205 - Developer Chat: Measure and Performance

TBC25.BIZ60 - Introduction to HPE GreenLake Flex Solution built for Payments

TBC25.TB16 - Training the Next Generation of Nonstop Engineers

TBC25.TB11 - Business Continuity Without Compromise

APPLICATION DESIGNERS, DEVELOPERS AND TRANSFORMATION TEAMS

TBC25.DEV207 - Developer Chat: NSDEE, DevOps and Middleware

TBC25.TB25 - Bridging the Gap: Bringing New Talent to Nonstop from University Collaboration to Full-Time Employment

TBC25.TB03 - Nonstop Languages and Development Environment Updates

TBC25.TB22 - Bridging AI and Nonstop with Model Context Protocols (MCPs)

TBC25.TB23 - What's Next in DevOps: GitLab CI/CD - An Emerging Force

CTOS, BUSINESS MANAGERS AND PLANNERS, DECISION MAKERS

HPE Keynote Day 1

TBC25.TB01 - The Future of Nonstop Is Here

TBC25.TB24 -The Art of the Possible - 2025 Edition

TBC25.TB20 - Provide the Mission-critical Advantage to Workloads in Your Cloud with HPE Virtualized Nonstop

TBC25.CFP58 - Resilience Redefined: Powering Thailand's Payments with HPE Shadowbase and BASE24-eps

TBC25.CPF52 - Papé Group's AI Documentation Journey

TBC25.BIZ62 - Digital Resilience in the World of Payments

TBC25.TB13 - Evolving HPE Nonstop Education: Digital Badges, Labs & More

TBC25.CFP57 - Generative AI in Nonstop development and operations : Use cases and Nonstop Community in Japan

TBC25.VT73 - OmniPayments: Payments as a Service, Managed Services and Tools for HPE Nonstop

TBC25.VT85 - Is your Nonstop working as hard as it could be?

TBC25.BIZ63 - How FinTech at FIS Is Powered by Nonstop

TBC25.TB19 - Introduction to the Frigg Project: Open Operations Observability Stack for Nonstop

TBC25.TB06 - Fraud Detection

TBC25.BIZ60 - Introduction to HPE GreenLake Flex Solution built for Payments

TBC25.TB16 - Training the Next Generation of Nonstop Engineers

TBC25.BIZ61 - The Future of Payments – Fireside Chat and Panel Discussion with HPE, OmniPayments, and Lufthansa

CTOS, BUSINESS MANAGERS AND PLANNERS, DECISION MAKERS

TBC25.CIG303 - Expanding Nonstop Opportunities

TBC25.CIG304 - Putting AI to Work: From Idea to Impact in Mission-Critical Systems

TBC25.TB25 - Bridging the Gap: Bringing New Talent to Nonstop from University Collaboration to Full-Time Employment

TBC25.CIG305 - AI In the Hot Seat: Real Talk for Real Systems

TBC25.CFP56 - Minimizing TCO by maximizing your Nonstop with HPE GreenLake

NEW TO NONSTOP, ANY ROLE

HPE Keynote Day 1

TBC25.TB01 - The Future of Nonstop Is Here

TBC25.TB07 - HPE Nonstop NS5 and NS9 Architectures

TBC25.TB04 - Nonstop SQL update

TBC25.CFP53 - Modernizing HPE Nonstop Connectivity with Kafka, REST and Cloud Services

TBC25.TB24 -The Art of the Possible - 2025 Edition

TBC25.TB20 - Provide the Mission-critical Advantage to Workloads in Your Cloud with HPE Virtualized Nonstop

TBC25.TB12 - The HPE Nonstop 101 rendezvous: Learn, explain, and promote your favorite platform

TBC25.TB09 - HPE Nonstop Software Roadmap

TBC25.TB13 - Evolving HPE Nonstop Education: Digital Badges, Labs & More

TBC25.TB02 - HPE Nonstop Middleware - The Journey Continues

TBC25.BIZ61 - The Future of Payments – Fireside Chat and Panel Discussion with HPE, OmniPayments, and Lusion

TBC25.TB25 - Bridging the Gap: Bringing New Talent to Nonstop from University Collaboration to Full-Time Employment

NEW TO NONSTOP, ANY ROLE

TBC25.CIG301 - New to Nonstop: Join us!

JOB SPECIALTY – SECURITY, BUSINESS PROTECTION

HPE Keynote Day 1

TBC25.TB01 - The Future of Nonstop Is Here

TBC25.VT76 - HPE Shadowbase: Ensuring High Availability and Digital Resilience in a Ransomware World

TBC25.VT74 - Be Prepared for Any Audit: Achieving Continuous Compliance

TBC25.VT79 - AI? agentic AI? Intelligence? Smart Nonstop customers leverage replication for integration – do you?

TBC25.VT70 - Exclusive Sneak Preview: Unveiling The Next Generation of Data Security for HPE Nonstop

TBC25.CFP54 - Migration using Golden Gate : Nonstop server relocation and switching business operations as part of a failover setup

TBC25.CFP58 - Resilience Redefined: Powering Thailand's Payments with HPE Shadowbase and BASE24-eps

TBC25.TB09 - HPE Nonstop Software Roadmap

TBC25.BIZ62 - Digital Resilience in the World of Payments

TBC25.VT82 - No More Blind Spots: The Future of HPE Nonstop Protection

TBC25.TB18 - Protect Your Nonstop Workload and Sensitive Data

TBC25.VT77 - Unleash the Power of Your Trapped Data Across the Enterprise, to the Cloud, and Beyond

TBC25.VT71 Nonstop Risk Management & Compliance with CSP

TBC25.TB06 - Fraud Detection

TBC25.TB11 - Business Continuity Without Compromise

TBC25.TB05 - Nonstop SQL Streamlined Security and Compliance

JOB SPECIALTY – SECURITY, BUSINESS PROTECTION

TBC25.CFP51 - Modernizing Security on HPE Nonstop: FNBO's Journey with XYGATE Object Security and Access Control

JOB SPECIALTY – DATABASE MANAGEMENT AND ANALYTICS

HPE Keynote Day 1

TBC25.TB01 - The Future of Nonstop Is Here

TBC25.TB04 - Nonstop SQL update

TBC25.VT84 - The Missing Link in Enterprise AI: Real-Time Data for HPE Nonstop

TBC25.TB24 -The Art of the Possible - 2025 Edition

TBC25.TB20 - Provide the Mission-critical Advantage to Workloads in Your Cloud with HPE Virtualized Nonstop

TBC25.CFP50 - Make your Nonstop SQL/MP or SQL/MX Application Fast - Really Fast

TBC25.TB21 - How PL/MX enhances HPE Nonstop SQL / HPE Nonstop SQL/MX and AI

TBC25.CFP54 - Migration using Golden Gate : Nonstop server relocation and switching business operations as part of a failover setup

TBC25.BIZ62 - Digital Resilience in the World of Payments

TBC25.TB18 - Protect Your Nonstop Workload and Sensitive Data

TBC25.VT77 - Unleash the Power of Your Trapped Data Across the Enterprise, to the Cloud, and Beyond

TBC25.VT72 - Nonstop Backup Data Tiering Architecture

TBC25.TB06 - Fraud Detection

TBC25.DEV205 - Developer Chat: Measure and Performance

TBC25.TB05 - Nonstop SQL Streamlined Security and Compliance

TBC25.DEV206 - Developer Chat: Nonstop Database

JOB SPECIALTY – DATABASE MANAGEMENT AND ANALYTICS

HPE Keynote Day 1 – Casey Taylor
